**FIELD ENFORCEMENT DIVISION  
REGULATORY AND LICENSING SECTION  
410-260-7314**

**NOTICE TO RETAILERS**

If wine and/or distilled spirits have been delivered to a retail licensee by a wholesaler or manufacturer on or before the **PURCHASE DATE** indicated in Column I, and payment is not received by the wholesaler on or before the corresponding **DUE DATE** listed in Column II, then the retailer is considered by state regulation to be overdue. Retailers can avoid most problems associated with late mail deliveries by mailing remittances at least five (5) days before the specified **DUE DATES**.

Regulation 03.02.01.04 requires Maryland wholesalers and manufacturers who sell wine and distilled spirits to retailers to (1) report the retailer to the Licensing & Registration Unit for late payment (even if payment was received after the due date) and (2) simultaneously notify the retailer that a report has been submitted to the Licensing & Registration Unit. Reports and notifications must be made for all late payments. The Licensing & Registration Unit will determine whether or not the retailer is placed on the credit control list.

# THE THREE-TIER ALCOHOL DISTRIBUTION SYSTEM

## WHY IT WORKS

For over 79 years, the beverage alcohol industry has successfully served consumers and communities by distributing wine, spirits and beer through a three-tier system of licensed suppliers, wholesalers and retailers. Every state established this system after the repeal of Prohibition in 1933. Designed to prevent the abuses that led to Prohibition, the three-tier system has created the most innovative, competitive and consumer-friendly system in the world today.

Because of the three-tier system, Americans have access to an astounding variety and selection of products in every category, at reasonable and dependable prices.

The three-tier system is the model of social responsibility. Suppliers, wholesalers and retailers all play a crucial role in providing outstanding choice and availability, while protecting the integrity and quality of alcoholic beverages.

The system creates a framework of regulations, which mandates responsibility and accountability in beverage alcohol distribution.

Consumers benefit from the three-tier system every day through lower prices and greater selection. Boutique distillers and wineries are able to get their products to a wider range of outlets, and small retailers have access to a greater variety of product at lower prices through wholesalers.

### BENEFITS OF THREE-TIER REGULATIONS

- Efficiency in collecting taxes
- Preventing the sale of alcohol to minors
- Fostering and overseeing responsible competition
- Creating balance between and within the tiers
- Ensuring public safety
- Preventing the sale of counterfeit and dangerous or deadly products

### THE TIERS

1

#### SUPPLIERS

Producers of wine and spirits, such as wineries and distilleries, as well as importers.

2

#### DISTRIBUTORS

Intermediaries that purchase wine and spirits from suppliers to efficiently distribute to retailers.

3

#### RETAILERS

A variety of stores, as well as restaurants, bars, stadiums and hotels, that sell wine and spirits to consumers for consumption.

Disrupting this regulated chain would have disastrous ramifications on public safety and marketplace stability.

Vertical integration would benefit only large-chain businesses. And while it might encourage lower prices on select, mass-marketed items through big-box stores, it will cost the consumer, other players in the market and state governments in the end. Prices will likely increase; retailers will be driven out of business; innovation will decrease; consumer choice will be limited; tax revenues will decline; state regulatory expenses will increase; and jobs will be lost.
