# 2023 SCHEDULE OF PURCHASE PERIODS & DUE DATES

Alcohol and Tobacco Commission  
Regulatory and Research Section  
410-260-7314

## NOTICE TO RETAILERS

If wine and/or distilled spirits have been delivered to a retail licensee by a wholesaler or manufacturer on or before the **PURCHASE DATE** indicated in Column I, and payment is not received by the wholesaler on or before the corresponding **DUE DATE** listed in Column II, then the retailer is considered by state regulation to be overdue. Retailers can avoid most problems associated with late mail deliveries by mailing remittances at least five (5) days before the specified **DUE DATES**.

Regulation 03.02.01.04 requires Maryland wholesalers and manufacturers who sell wine and distilled spirits to retailers to (1) report the retailer to the Regulatory and Licensing Section for late payment (even if payment was received after the due date) and (2) simultaneously notify the retailer that a report has been submitted to the Regulatory and Licensing Section. Reports and notifications must be made for all late payments. The Regulatory and Licensing Section will determine whether or not the retailer is placed on the credit control list.

# How to Figure Gross Profits

Experience has proven that few business people know the difference between MARK-UP and GROSS PROFIT, and thus cannot figure profits properly. Keep the following schedule before you and you will find it worth many dollars in the course of a year.

**MARK-UP** – is the percentage of the amount you earn on COST.

**HOW TO FIGURE IT** – A brand costs you \$50.00 a case and sells for \$75.00 a case, or \$25.00 above your cost. Divide the cost (\$50.00) into your earnings (\$25.00) and you will get a percentage of 50%...This is your MARK-UP on COST.

**GROSS PROFIT** – is the percentage of the amount you earn on SELLING PRICE.

**HOW TO FIGURE IT** – a brand costs you \$50.00 a case and sells for \$75.00 a case, or \$25.00 above your cost. Divide the SELLING PRICE (\$75.00) into your earnings (\$25.00) and you get a percentage of 33 1/3. This is your Gross Profit on Selling Price. This means that you earn 33 1/3 cents on each \$1.00 in sales to apply to your expense of operation, which ultimately will show your net profit.

All merchandise subject to availability and/or allocation plan. Invoices not paid within one (1) week after due dates established by The Alcohol and Tobacco Tax Division are subject to one and one-half percent (1-1/2%) per thirty (30) days late payment charges plus attorneys fees of twenty-five percent (25%) of all past due claims referred for collections. All payments made on delinquent accounts apply first to late payment charges. BreakThru Beverage Maryland Charges \$50.00 on returned checks. For less than full case bottle costs, add: 1.75L & 1.5L: \$1.55; 1L: \$1.85; 750ml: \$1.70; 375ml: \$1.70; 200ml, 187ml & 100ml: \$1.70; 50ml: \$.65. Minimum requirements for delivery: bottles or cases totaling three (3) cases, or an order of \$150.00 or more. For any returns due to accounts closing, which are permitted by State Regulation, there will be a fifteen percent (15%) return to stock fee. This does not affect permanent accounts with seasonal closings. A refundable deposit is available on the sale of keg products. If empty kegs are not returned, account will be charged \$30.00. The cost of the cooperage will be assessed. All prices listed are subject to change. Effective June 1, 2022, Breakthru Beverage will add a \$5.00 Service Charge per delivery.

# Confusing Mark-Up and Gross Profit Can Bankrupt You

## MARK-UP/GROSS PROFIT CONVERSION

**MARK-UP** is the percentage you earn on the **COST** of an item you sell. **GROSS PROFIT** is the percentage you earn on the **SELLING PRICE** of the item. Confuse them and you get an over-optimistic view of your business.

When you relate earnings to sales, think only of Gross Profit. In terms of sales, Mark-Up has no meaning. Gross Profit tells you what you earn--retain--on each \$1 of sales to pay you business expenses. Anything left over is net profit.

NOTE: Mark-Up percentages below are converted to Gross Profit percentages by rounding to nearest 1/10 of 1%.

### **MARK-UP – How to Compute It:**

A brand costs you \$75 a case and brings in \$90 - \$15 above cost. Divide your earnings (\$15) by your cost (\$75) and you get a *mark-up on cost* of 20%.

### **GROSS PROFIT – How to Compute It:**

The same brand costs you \$75 and brings in \$90-\$15 above cost. Divide your earnings (\$15) by your *selling price* (\$90) and you get a **gross profit on selling** of 16.7% -- 16.7 cents on each \$1.00 of sales – to pay expenses.

# MARYLAND WINE

## MARYLAND WINE IS...

### GOOD FOR WINE LOVERS

Maryland's 85 wineries produce superb, handcrafted wines that compete with national brands, while highlighting all the benefits of buying local.

### GOOD FOR AGRICULTURE

Maryland wineries support (and grow!) over 800 acres of grapes throughout the state. Grapes are a long-term crop, preserving open space and encouraging land preservation.

### GOOD FOR TOURISM

Our industry attracts nearly 400,000 visitors annually to our wineries and wine festivals and events. These visitors spend their dollars at wineries, neighboring restaurants and accommodations.

### GOOD FOR MARYLAND

Our wineries provide employment and tax revenue, supporting Maryland's rural economy by creating jobs that create tourism, preserve land and encourage agriculture. Maryland's wineries create 100 million in economic activity annually.

### JOIN THE CONVERSATION

Facebook and Twitter @MDwine and be a part of the growth of great local wine industry.

### DID YOU KNOW?

Did you know that only 3 out of every 100 bottles of wine sold in the state are bottles of Maryland wine. It's not a lot, but it's growing, and if you buy more local wine, you create more local jobs, grow more vineyards and help preserve our rural economy.

### JOIN MARYLAND WINE MONTH

We're promoting stores and restaurants that support Maryland wine during Maryland Wine month in March.

# THE THREE-TIER ALCOHOL DISTRIBUTION SYSTEM

## WHY IT WORKS

For over 79 years, the beverage alcohol industry has successfully served consumers and communities by distributing wine, spirits and beer through a three-tier system of licensed suppliers, wholesalers and retailers. Every state established this system after the repeal of Prohibition in 1933. Designed to prevent the abuses that led to Prohibition, the three-tier system has created the most innovative, competitive and consumer-friendly system in the world today.

Because of the three-tier system, Americans have access to an astounding variety and selection of products in every category, at reasonable and dependable prices.

The three-tier system is the model of social responsibility. Suppliers, wholesalers and retailers all play a crucial role in providing outstanding choice and availability, while protecting the integrity and quality of alcoholic beverages.

The system creates a framework of regulations, which mandates responsibility and accountability in beverage alcohol distribution.

Consumers benefit from the three-tier system every day through lower prices and greater selection. Boutique distillers and wineries are able to get their products to a wider range of outlets, and small retailers have access to a greater variety of product at lower prices through wholesalers.

### BENEFITS OF THREE-TIER REGULATIONS

- Efficiency in collecting taxes
- Preventing the sale of alcohol to minors
- Fostering and overseeing responsible competition
- Creating balance between and within the tiers
- Ensuring public safety
- Preventing the sale of counterfeit and dangerous or deadly products

### THE TIERS

1

#### SUPPLIERS

Producers of wine and spirits, such as wineries and distilleries, as well as importers.

2

#### DISTRIBUTORS

Intermediaries that purchase wine and spirits from suppliers to efficiently distribute to retailers.

3

#### RETAILERS

A variety of stores, as well as restaurants, bars, stadiums and hotels, that sell wine and spirits to consumers for consumption.

Disrupting this regulated chain would have disastrous ramifications on public safety and marketplace stability.

Vertical integration would benefit only large-chain businesses. And while it might encourage lower prices on select, mass-marketed items through big-box stores, it will cost the consumer, other players in the market and state governments in the end. Prices will likely increase, retailers will be driven out of business, innovation will decrease, consumer choice will be limited, tax revenues will decline, state regulatory expenses will increase, and jobs will be lost.

AS A CONDITION OF SALE: Invoices not paid within two (2) weeks after due dates established by the Alcohol Tobacco Tax Division (ATTD) for payment of such invoices are subject to one and one-half percent (1½ %) per thirty (28) days late payment charges. All merchandise at prevailing prices subject to availability. All payments made on delinquent accounts apply first to late payment charges and the remainder, if any, applies to delinquent balance. There will be a service charge of \$50.00 for all returned checks. For any returns due to account closings permitted by state regulation (excluding permanent accounts with seasonal closings), there will be a 15% return-to-stock fee. Customers shall pay collection costs of 15% of invoice amount if the claim is referred to an attorney or agency for the purpose of collection. Our invoice prices include the following "less than full case charge" per bottle:

1.5L or larger, over 50oz	1.40
1L to 1.49L, 32oz to 50oz	1.80
451ml to 946ml, 16oz to 31.9oz	1.60
51ml to 450ml, 1.7oz to 15.9oz	1.55
50ml or smaller, Less than 1.7oz	.60

A refundable deposit on the sale of keg products. If empty kegs are not returned, the cost of the cooperage may be assessed. Minimum requirements for delivery: bottles or cases totalling 5 cases, or an order of \$300.00.

The prices listed in the Beverage Journal are subject to change.

Less than full case purchases are subject to a split case charge.

All beer products are sold full case only.
